Cost Savings and Business Benefits

Earlier this year Thomson Reuters commissioned Forrester Consulting to conduct a Total Economic Impact (TEI) study and examine the potential ROI that would realize by deploying ONESOURCE Indirect Tax. The goal was to create a framework that would identify the cost, benefit, flexibility, and risk that would affect the investment decision. Forrester surveyed seven representatives with experience using ONESOURCE Indirect Tax.

Get your complimentary copy of the report to receive a framework to evaluate the potential impact of ONESOURCE Indirect Tax on your organization. Learn how over three years a composite organization was able to achieve quantifiable cost savings and risk-adjusted PV (Present Value) costs over three years.

2022 State of the Corporate Tax Department Report

Balancing technology and talent for optimal efficiency

In the 2022 State of the Corporate Tax Department Report, it was found that the technology needed to meet the growing demands of the digital economy is pulling corporate tax departments in different directions. From the ever-evolving regulatory environment to the internal demands where tax teams are being asked to do more with fewer resources, corporate tax departments are feeling the strain.

Download the report for a set of benchmarks to compare your operations and empirical findings on:

- The top four strategic priorities and challenges for corporate tax departments
- Understanding the technological journey
- Trends in resourcing and developing talent
- Recruitment and retention techniques
- Personal motivators among tax professionals
- Budgetary spending on technology

Supply Chains and the Multiverse of Risk

[Download Report](#)

- ESG
- Checking at every level
- What's in short supply?
- The mixing pot of micro and macro factors
- Shoring up the defences

Cost of Compliance 2022: Competing Priorities

[Download Report](#)

What is the single biggest culture or conduct risk your firm is facing?

Thomson Reuters Regulatory Intelligence has carried out its 13th annual survey on the cost of compliance, focusing on challenges in the compliance functions at financial services firms around the world expect to face in the year ahead.

This year's survey shows the difficulties compliance officers are experiencing as they try to plan for the future. Competing priorities are compounded by tightening budgets, potential shortages of skilled professionals, compliance's widening remit and increases in personal liability.

Key findings include:

- The greatest challenges for compliance officers in the Asia-Pacific region
- The biggest culture and conduct risk firms are facing
- Demand for skilled resource
- Compliance officers held responsible if things go wrong
- Future of the compliance function
